This March we make good on our promise to present the very best in KRAB programming. We are proud to feature many KRAB oldtimers, as well as a variety of newcomers to our broadcast schedule.

We will fundraise throughout the month of March, asking you to support the richness and diversity of our programming by becoming members of KRAB. This is a critical time for us, and we need the financial support of our listening audience more than ever before.

Staff

Abbreviated station staff include Asaph Israel, Chief Engineer, Gary Margason, Station Manager, Libby Sinclair, Program Director, Stu Witmer, Morning Man and Bookkeeper, and a host of hard-working volunteers including many of the eleven members of the Board of Directors and many of the 180 program producers. We'd like you, the listeners, to work hard, too; think about how dull life in Seattle would be without KRAB, and subscribe.

Jack Straw

The Jack Straw Memorial Foundation is a private, nonprofit organization founded in 1962, licensed by the F.C.C. to broadcast at the frequency of 107.7 MHz in Seattle, and dedicated solely to the guidance and support of KRAB FM. The volunteer board of trustees guides the direction of the station and sets general policy. In its 19th year of broadcasting, KRAB continues to dedicate its airwaves to freedom of expression through a variety of cultures, musics, spoken arts and political issues. While the station does not espouse any particular cultural, political or social philosophy, it encourages programming that is diverse and controversial.

KRAB FORUMS

A new series of panel discussions in which we air our own controversies - not dirty linen, but hot ideas. The first, Sunday March 14, 3-4 p.m., will explore the question of Musical Taste in World Perspective; to put it bluntly, how dare anyone - a program director, say - presume to judge what's "good" music and what's "bad" music outside of his or her own cultural background? The second KRAB Forum, Monday, March 29, 8:30-10 p.m., jumps right into the question of "Community Access Radio" - What does it mean? And what does it mean to KRAB? Tune in! We promise the KRAB forums will be lively, and we think they'll be enlightening, too.

LOOKING AHEAD

In April, many public affairs programs will begin appearing on a regular or feature basis. Be watching for panels, debates, reviews and special features. Plan to be listening for these:
1) A seven-part series on occupational safety and health.
2) A locally-produced five-part series of oral histories: "First Avenue - Seattle."
3) Experiments in Democracy. A look at the history of cooperatives in the Seattle area.

What You Can Do To Help KRAB

KRAB relies heavily on the help and advice of volunteers, who have always been the mainstay of our operation. You can help now with numerous projects. We need volunteers to go through our archives and listen to tapes and recordings, as well as help with fundraising and promotion. If you are interested in getting involved, call 325-5110.

Thanks

Many thanks to Continental Printing for donating typesetting facilities; to Heckler & Associates for production facilities; to Gai's Bakery for many loaves of bread; to In Print for printing. To anonymous donors of that fundamental necessity, toilet paper; scratch paper; recording tape. To all those who have emptied the trash and tidied up here and there in the sporadic struggle against entropy.
